The Directive-Type Memorandum (DTM) on Implementing Disability-Related Provisions of the National Defense Authorization Act of 2008, dated March 18, 2008, contains information on separation pay for those medically separated.

Also refer to Title 10, Chapter 59, Section 1174, Separation Pay upon Involuntary Discharge or Release from Active Duty or Department of Defense Instruction 1332.29, Eligibility of Regular and Reserve Personnel for Separation Pay.

16) **For those who have separated from the military:**

If VA receives the application within one year of the separation, service connection rating of 10% or more will be paid retroactively to the date of separation.

17) **For those who are Drilling Reservists:** Active or inactive duty training pay cannot legally be paid concurrently with VA disability compensation benefits (10 USC 12316 and 38 USC 5304(c)).

You may elect to keep the training pay you received from the military service department. However, to be legally entitled to keep your training pay, you must waive VA benefits equal to the number of days for which you received training pay.

Please note that reserve components are to report the number of days during the fiscal year for which a reservist/guardsman receives training pay as one full day's duty pay for each 4-hour training assembly attended. Therefore, you might be credited with 4 days training pay on a drill weekend. Most members will be paid for approximately 63 training days during a fiscal year. This normally consists of 48 armory drills or training sessions and 15 days Annual Training.

Annual waiver is required. Complete VA Form 21-8951-2, Notice of Waiver of VA Compensation to Receive Military Pay and Allowances

### **What if you have discharges for more than one period of service?**

If the Department of Defense (DoD) or the Coast Guard determined you served honorably in one period of service, you may use that honorable characterization to establish eligibility for VA benefits, even if you later received a less than honorable discharge. You earned your benefits during the period in which you served honorably. Make sure you specifically mention your period of honorable service when applying for VA benefits.

**Note:** The only exception is for service-connected disability compensation. You're only eligible to earn disability compensation for disabilities you suffered during a period of honorable service. You can't use an honorable discharge from one period of service to establish eligibility for a service-connected disability from a different period of service.
